PROFESSIONAL SUMMARY

B.Tech Computer Science student with basic knowledge of Java and Python programming. Currently building strong foundations in data structures, problem-solving. Eager to learn new technologies and gain practical experience through internships and real-world projects.

SKILLS

Programming Languages: Java, Python

Core Concepts: Object Oriented Programming, Basic Data Structures

Tools: VS Code, Git hub

Soft Skills: Quick Learner, Team Player, Adaptable, Good Communication

INTERNSHIP EXPERIENCE

Artificial Intelligence Intern – Academor

- Completed a 2-month internship program in Artificial Intelligence domain.
- Gained exposure to basic AI concepts and practical implementation.
- Learned fundamentals of machine learning and Python-based model usage.

Unique ID: ACM23-5394 — Issue Date: 13/10/2024

ACHIEVEMENTS

- Completed internship in Artificial Intelligence at Academor.
- Earned certification in Generative AI using IBM Watsonx.
- Actively improving programming and problem-solving skills.

EDUCATION

VIT-AP University, Amaravathi	2023-2027
B.Tech in Computer Science and Engineering	CGPA: 8.11

Bhavana Junior College, Narasaraopet, AP	April 2023
Intermediate	93.3%

Andhra High School, Narasaraopet, AP	April 2021
Secondary School Certificate	100%

CERTIFICATIONS

IBM: Generative AI using IBM Watsonx
